# Linking People, Learning, and Performance

## MISSION STATEMENT

- Help educate and develop members to their fullest potential.
- Provide opportunities for our members to meet and exchange ideas.
- Create a chapter that is a resource to the community and industry, and works well with other organizations.
- Be a change-agent to help our chapter to stay current with industry developments.

## ABOUT THE GREATER TOLEDO AREA CHAPTER

We bring together learning and training professionals from Northwest Ohio and Southeast Michigan. The chapter holds monthly program events to talk informally, share ideas with peers, and learn more about the latest techniques, issues, and best practices from featured speakers.

The chapter offers the opportunity to develop professional connections and friendships, develop leadership abilities, and refine your skills through involvement on committees or special projects.
